I worked for the federal government for 32 years before retirement. The majority of my career was dedicated to public service. Past jobs included: Tax auditor, HR specialist, Training Consultant, Employee Relations Specialist, Disclosure Officer and Administrative Officer. I believe it’s important to provide one-stop service and remove barriers that hinder individuals from receiving much needed services. I would be a valuable addition to the Commission because my past positions have developed my strong communication skills in communication, collaboration, active listening and problem solving. I served on the board as a voting member with United Way in Milwaukee for several years representing our agency interest. I was also a member of the Chicago...

Name of the Commission, Committee or Board for which you are applying:

Health Board

Personal Statement: Please indicate why you believe you would be a valuable addition to the Commission, Committee or Board for which you are applying. If more space is needed, please attach a separate sheet.

This is a unique opportunity to bring my life long experience of serving this community that I call home. I have assisted underserved communities of both Kenosha and Racine in various capacities of bringing opportunities to them via workforce development, personal growth and civic engagement as an advocate for change. Albeit, in areas that impact the young and youth. In my previous life as an administrator of Kenosha branch of The Urban League of Racine & Kenosha in the 1990s, I instituted breakfast, lunch and dinner programs for these young people during Summer breaks. It was an eye opener to me that children would go without food and beg for bread on the streets of Kenosha. Where are the parents I would ask myself? Those where the days when Lincoln Neighborhood and it environs experienced shootings and such weekly. It disheartening to me and other neighbors. Something had to be done and we tried to make growing up memorable for these young people. Since then, I have been involved in uplifting children through their parents. I sincerely believe that when parents know, their children ultimately benefit from knowledge gleaned by their parents in the public square. Many of these children and their parents continue to benefit from the little things we did. I have seen children grow up into young adults who thrive because somebody cared. I now see these people as adults 25 years later and they give thanks for having been in their lives. Kenosha can still do it through a participatory policy from elected officials and others. I want to bring my voice to help improve the health of our community especially the young and their parents.

Revised 7-1-2021
Additional Information:
I am soft spoken and rarely do I expect accolades or wanting to be in the limelight. I am more interested in service to the community.
