Factual Background:

On August 25, 2020, Gaige Grosskreutz, was shot and severely injured in Kenosha, Wisconsin. Mr. Grosskreutz was in Kenosha for the purpose of providing basic medical assistance to persons who were out that night protesting the shooting of Jacob Blake. There was no justification for Gaige to be shot at point blank range by Kyle Rittenhouse. Rittenhouse, a minor from out of state, illegally armed with an assault rifle, was allowed – by the Kenosha police and Kenosha Sheriff's Department – to roam the streets, threatening numerous civilians, and ultimately shooting three people, two of whom who were killed. After Rittenhouse had already shot and killed two people, Gaige was then shot and severely injured by Rittenhouse.

In response to the demonstrations in response to the killing of Jacob Blake, a far-right militia group, the Kenosha Guard, organized a call-to-arms event on Facebook, calling forth “any patriots willing to take up arms and defend our city tonight from evil thugs.” The Kenosha Guard and its members expressly encouraged and incited violence and called on others to join them. Before August 25, 2020, the Kenosha Guard posted an open letter to the Kenosha Chief of Police, requesting that the local police cooperate with the militia members, abstain from sending home or arresting members of the Kenosha Guard, and for the police to keep an open line of communication with them. The Kenosha Police and Kenosha Sheriff's Department were aware of, condoned, cooperated with and enabled the actions of the Kenosha Guard and other armed vigilantes through both explicit and implicit support. For example, officers from the Sheriff's Department handed out water to the armed vigilantes and thanked them for their presence. Video from that night also shows a militia member explaining that Kenosha police officers and deputy Sheriffs had coordinated a funneling maneuver with the Kenosha Guard and various right-wing vigilantes to push protesters towards these militia members so that they “could deal with them.”

Rittenhouse answered the Kenosha Guard's call to arms. By the end of the evening, Rittenhouse had shot and killed two people, Anthony Huber and Joseph Rosenbaum, and injured our client, Gaige Grosskreutz. After killing the first person, Rittenhouse told someone on the phone, “I just killed somebody.” He walked towards the police on the scene with his hands up as a number of bystanders yelled to the police that Rittenhouse was the shooter. However, the police ignored him and did not apprehend him.

Claims:

Claimants allege multiple state law claims against the City, the County, the Police Chief, the Sheriff, and as-yet unknown employees or former employees of the Kenosha Police Department and Kenosha County Sheriff's Office who were involved in the events resulting in Gaige being shot at point blank range in his arm,

including negligence, negligent supervision and training, negligent and intentional infliction of emotional distress, battery, *respondeat superior*, indemnification, and conspiracy to commit the claims provided above.

In addition to these state law claims for which notice may be required; Claimants allege federal claims for which notice is not required.

Itemized Damages:

Claimant request \$10,000,000.00 as compensation, for himself and he has suffered significant damages due to the intentional acts and negligence of the City, the County, the Police Chief, the Sheriff, and as-yet unknown employees or former employees of the Kenosha Police Department and Kenosha County Sheriff's Office on August 25, 2020. Claimant has suffered significant permanent physical damage, pain and suffering, loss of income and future earnings, and other damages to be determined.
