Resolution from the Kenosha County Sheriff's Department:

1) Cabaret License – Rob's River Edge

Motion by: Michel **Seconded by:** Deschler **Approved:** unanimously

Chief Deputy Smith presented this resolution that recommends the Probationary Cabaret License for Rob's River Edge be converted to a regular one. He explained that these conversions are now required to be addressed after six months instead of waiting until August 1. Supr. Carey Mielke reported that the proprietor was in attendance in February when the probationary license was presented.

Supr. Carey-Mielke explained that this small of an agenda would have been deferred, however, this was not prudent.

Supr. Carey-Mielke asked how Nitro's was doing. Chief Deputy reported that they are out of business and for sale. He said that the club had become a Hip Hop Club and pressure was put upon the club because of inadequate parking. The owners were told that if the parking were not sufficient a revocation of the Probationary Cabaret License would be sought. The business closed three weeks later.

Any Other Business Allowed by Law: None

Meeting Adjourned: 7:10 p.m. on motion by Michel, seconded by Deschler.

Respectfully submitted,
