Q: Tell us about the services West Grove Clinic has to offer our community.

A: West Grove Clinic offers comprehensive care which includes services such as medication management, counseling services and substance use groups. For all of the services we offer, we pride ourselves on using the latest innovative techniques to provide the best possible care. We know that choosing to begin treatment isn't always an easy decision, which is why we offer many different service options to meet the needs of our clients. Below is a listing of the services we offer:

- Medication Assisted Treatment: Suboxone and Vivitrol
- Psychiatric Care
- Individual Therapy for Mental Health and Substance Use
- Cognitive Behavioral Therapy (CBT)
- Dialectical Behavioral Therapy (DBT)
- Art Therapy
- Relationship Counseling
- Eye Movement Desensitization and Reprocessing (EMDR)
- Substance Use Intensive Outpatient Programs (IOPs)
- Road To Recovery: Aftercare Recovery Support Group

Q: What makes West Grove Clinic stand out from other agencies?

A: West Grove Clinic stands out because of our comprehensive care. We pride ourselves on staying innovative and tailoring our treatment to each client. We firmly believe that using a 'cookie cutter' approach negatively impacts treatment because each client is unique.
