Name of the Commission, Committee or Board for which you are applying:

Pringle Nature Center Board

Personal Statement: Please indicate why you believe you would be a valuable addition to the Commission, Committee or Board for which you are applying. If more space is needed, please attach a separate sheet.

As an avid outdoor sportsman who enjoys every aspect of our natural environment, I support and promote the preservation of natural areas. That which we do not preserve today will not be available for our children or future generations to enjoy. I believe that we all have a responsibility to protect our natural areas and environment, making it vitally important to educate and engage our youth and adults through active relationship with our environment. If we do not have a personal experience with nature, it is difficult to then understand the importance of nature and the complex interaction it represents in our lives.

Through development, we see much of our greenspaces disappear to be replaced by homes or business and the supporting infrastructure required for modern life. If we lose our greenspaces, we lose our relationship with the environment that provides immeasurable benefit to our lives.

As a landowner with both small agriculture and timber land, it is critically important to me to preserve, protect and to actively engage with our environment. _____
