PROJECT INFORMATION

Kenosha County in partnership with the Wisconsin Department of Transportation is reconstructing the intersection of Highway Y (22nd Avenue) and Highway A (Seventh Street) in the Village of Somers.

The intersection will be converted from a 4-way stop to a single-lane roundabout. Through traffic will be detoured during construction. Access to local residences and businesses within the project limits will be maintained.

The project team thanks you for your patience and cooperation throughout this project!
