LONG-TERM CARE FUNDING

Long-term care is help with daily living tasks and health needs because of one’s advanced age, chronic illness or an intellectual or physical disability. Long-term care funding programs have certain criteria that must be met in order to be eligible.

Family Care Program
Family Care allows services to be tailored to a person’s needs, circumstances and preferences. Members will continue choosing their own physicians while Family Care provides you with the added long-term care support.

Family Care Partnership Program
The Family Care Partnership Program integrates a full range of long-term, primary, acute and preventive care through the use of interdisciplinary teams. The result is participants with complex health needs receive comprehensive, continuous, total care that addresses their changing needs. Participants must receive all routine care from a network of healthcare providers.

IRIS (Include, Respect, I Self-Direct) Program
IRIS allows you or your guardian to choose, control and design their support and service plan to meet your functional, vocational, medical and social needs. With IRIS, you have control over the type of services you receive at home or in your community residence. IRIS is grounded in the core values of self-determination

PACE
Program of All-Inclusive Care for the Elderly, also known as PACE, is an innovative program that provides a full range of long-term care, health and medical services, and prescription drugs to enable people to live as independently as possible.
For more information or to apply for funding programs, call the Kenosha County Aging & Disability Resource Center (ADRC) at 262-605-6646.
